Member of the Personnel Committee

WORK: Senior Director of Global Engineering for
Momentive Performance materials

Spain is the senior director of Global Engineering for Momentive Performance Materials, which is a global manufacturer of specialty silicones and Quartz products for a wide range of industries, including automotive, electronics, personal care, consumer products, building and construction, semiconductor and lighting. He has over 24 years of manufacturing and engineering leadership experience with Momentive (formerly GE Silicones), and he currently serves on the Board of Directors of the Chamber of Southern Saratoga County.
